

Referral WAIT LIST POLICY:

Cambridge Lifeskills is a Charity organisation supported by our local business and community; hence we have limited funds and currently have a waitlist. Rest assured that our Board works tirelessly to source more funds to ensure we continue to offer our service to our community.

What is the age of the child referred?

5-7 Years

Cambridge Lifeskills supports the work of Child Centred Play Therapy for this age group.

CL is currently full assisting other tamariki. We will be able to take new referrals again in 2022.

8-15 Years

MAX waitlist is 10:

We aim to have these rangatahi start sessions with one of our counsellors within the next 10 weeks.

WAITLIST

All referrals are triaged by Cambridge Lifeskills Clinical Manager and either allocated to a Counsellor or put on our Waitlist if there is capacity (we cap our waitlist at 10).

If our waitlist is full, you will be invited to leave your contact details and once a place on the waitlist becomes available one of our team will contact you to see if you would still like to make a referral.

How do I get support for my child?

If you have private health insurance – check if your policy covers counselling for your child.

Are you in a position to pay for Private therapy?

YES

Private Counsellors
